

NEW TICK BITE BALANCE I & II

Celletech's **New Tick Bite I & II** are formulas based on work between Celletech and several doctors in the 90's and to date. The doctors were looking for remedies that would effectively address the emerging problems they were seeing.

Simpler versions of the Tick Bite Balance formulas were the first products we made to address the issue. However, as time progressed, so did the strength of the problems. The ticks appeared to have become universal carriers for several tick based problems. Working with a doctor in up state New York, we came up with a much more powerful and improved combination of ingredients.

New Tick Bite Balance I & II are Celletech Bioenergetic formulas. These formulas are a combination of nosodes, organs, single remedies and supporting factors.

Tick Bite Balance I prepares the body to respond to a bite. We recommend that it be taken preventively during tick season; once a day for one week at the beginning of the season, then once a week thereafter.

New Tick Bite Balance II helps create a more effective response to a bite. If you are bitten, take this formula three times a day for two to three days.

Homeotherapeutic targeting agents include: Ac Cit Ac Cis, Amoxicillin, Chlamydia Combo (Pneumoniae & Trachomatis), Cytomegalo Virus, Cutis, Ledum Palustre, Lyme Tick, Borellia Burdorferi Bacterin (Lyme Disease Vaccine), Reduce Inflammation, Q Fever (Rickettsia Burnetti), Rhus Toxicodendron, Ehrlichia Risticii Bacteria, Babesiosis, Luessinum, Rickettsia Rickettsii, Encephalitis, Mycoplasma Urealyticum
